

thinking is not going to help anyone. Council has controlled the budget of this entire city during that period of time. Assigning the blame for how the city got into this situation is futile. We can all hold our heads high knowing we have spent taxpayer money wisely and provided the best service possible.

The time has come to stand together with the administration for the betterment of the City of Macedonia. Differences need to be put aside and unite under the common goal of preventing lay offs, passing this levy, and keeping the city a place residents are proud to call home.

Thank you all for your time and thank you for your service to this community.

Respectfully,

The Members of The Macedonia Police Department
